INDEX TO VOL. XLVII.

A.

American Gas Institute, Report of Special Committee, Western Association 6
Amending the By-Laws, Western Association 29
Ammoniacal Liquor as a Manure 73
Artesian and Gas Wells 74
Accident, a Remarkable 137
Antiseptics, the Use of in Preserving Railroad Ties and Timber 166
Alternating Currents, Distributing by 169
*Alavoine's Plan of Hydraulic Mains Used in the Dijon Gas Works 233
Advice to Gas Consumers 259
Association of Gas Managers, the North of Ireland 259
Amending Art. IV. of Constitution, American Association 266
Address of President Greenough, American Association 256

B.

Breeze and Coke as Boiler Fuels 137
Blythe, T., Regenerative Retort Firing System for Small Gas Works 168
Bindings of Books, Effect of Gas on the 259
Baltimore Gas War, End of the 284
*Blodget, C. W., on the Comparative Illuminating Power of Gas Purified with Lime vs. Oxide of Iron 320
Bredel, F., on the Advantages of Regenerative Furnaces for Large and small Gas Works 324
British Columbia, the Gas Works of 386

C.

*Chollar, B. E., on the Rule of the Inverse Squares 7; Candle Power and Castigation 354
Cement from Blast Furnace Slag 13
Cosgrove, T. A., on the Lungren Burner 68
Committee on Place of Meeting, Western Association, Report of 38
Coal Tar, Uses for 66
Committee of Arrangements, Western Association 73
Coke Market, the English 73
Creosoted Brick for Street Pavements 74
Chimneys, How to Protect Tall from Lightning Strokes 78
Coke in Russia 78
*Coke, a Paper by Chas. Gandon 99
Coke as a General Fuel, by C. E. Jones 101
Coke and Breeze as Boiler Fuels 135
Coal Oil Lamps, Dr. Flock's Experiments on 138
Coal Gas, the Manufacture of, an Abstract of Four Lectures by Lewis T. Wright 195
Compressed Air as a Motive Power 200
Coal Washer, the Marsault 205
Carbonic Acid, Effect of upon the Illuminating Power of Coal Gas, by Jno. T. Sheard 227
Carbonic Acid, Effect of on the Illuminating Power of Coal Gas, by C. W. Hinman 258
Coal Gas Basis, A 259
Claus' Process of Purification 259
Coke Scrubbers, New Filling for 259
Constitution, Draft of a New, as Recommended by Executive Committee of American Association 254
Clark, Walton, on Water Gas 269
Committee on President's Address, American Association, Report of 269
Complaints 285
Chicago (Ills.), Shall it Have a Municipal Gas Works? 306
Committee of Arrangements, '88 Meeting of American Association 320
Candle Power of Gas, Disadvantages of Fluctuations in that supplied to Consumers, by R. J. Monks 323
Coke, the Use and Value of for Generating Steam, by J. L. Hallett 326
Committee of Investigation, Appointment of, American Association 327
Combustion 333
*Crompton's Shadowless Arc Light Pole 334
Candle Power and Castigation 354
Cheap Gas in England 361
Cement Mortar, the Effects of Freezing on, by A. Noble 390
Cincinnati (Ohio), Results of the Lighting Test at the Grand Central Railway Depot 392
Conservation of Energy 397
Correspondence, Special English 9, 73, 137, 200, 259, 361

CORRESPONDENCE—
Flow from a Natural Gas Well, How Should it it be Determined? 77
Information on Leakage Percentages Allowable, Seeking for 77
Meters, State of, a Simple Plan for Showing to Consumers 205
Tar Pavements, How to Make 257

D.

Dunbar, J. W., on Furnishing Gas without a Holder 37
District of Columbia, Regulating the Storage of Inflammable Substances in 41
*Damper Frame for Furnaces, Humphrys' Patent 105
Dynamos Driven with Short Belts 109
Dynamo, the Pyro-Magnetic, Summary of a Paper, by T. A. Edison 135
Dynamos, Regulating the Speed of Engines for Driving 141
Distribut on by Alternating Currents 169
Dibdin, W. J., on Photometrical Standards 200
Dangers of Oil Lamps 232
Difficult Soldering 332
Distillation of Wood 333

E.

Electric Light and Plants 2
Electric Light, What is the Best Way to Fight It? 2
Electric Light and Plant Life 9
English Gas Exhibitions, at the 9
Election of Officers, Western Association 57
Election of Officers, American Association 284
Election of Honorary Members, Western Association 39
Election of New Members, American Association 266
Electric Light at the Suez Canal 41
European Gas Association, Meetings of the. 66
Edison, T. A., Summary of a Paper by, on a Pyro-Magnetic Dynamo 136

E.—*Continued.*

Engines for Driving Dynamos, Regulating the Speed of 141
English Gas Companies and Mineral Oil .. 199
Electric Lighting from Central Stations ... 231
Electricity, Gas into 257
Executive Committee, Report of, American Association 264
Executive Committee, Supplementary Report from, American Association 327
Electric Light Business, the Advantages to Gas Companies of Engaging in, by E. J. King 317
Energy, the Conservation of 397

EDITORIALS—
American Association, the Coming Meeting of the 162
American Gas Institute, In Regard to the Proposed 33
"Baby Process," a Sample of Gas Made by the 34
Books Received 306
Chicago Gas Situation, Perplexities in the 225
Corporate Luck, The American Gas Improvement Company 130
Correspondence, a Self-Explanatory 353

Warning, the Final in Regard to the American Association Meeting 226
Welcome Home to Mr. E. Stein 194

F.

Furnishing Gas without a Holder, by J. W. Dunbar 37
*Furnaces, Humphrys' Patent Damper Frame for 105
Forbes, G., on Electric Lighting from Central Stations 231
Fuel Gas Plant in Pittsburgh, Pa 110
Flock's (Dr.) Experiments on Coal Oil Lamps 138
Furnaces, Generator, for Small Gas Works. 141
Finance Committee, Report of, American Association 266
Fuel Gas, by Emerson McMillin 311
Furnace, Half-Depth Regenerative, Development of, by Oscar Weber 324
Furnaces, Regenerative, Advantages of for Large and Small Gas Works, by F. Bredel 325
Fog, the Cost of a Day's to Londoners 386

G.

Gas Institute, Meeting of the 9
Gas for Cooking and Heating 9
Gas Furnished without a Holder, by J. W. Dunbar 37
Gasholders, What Causes the Formation of Small Holes in the Iron of 68
Gas and Artesian Wells 74
Gas Institute, British, Papers Read at the Recent Meeting of 99, 101, 131
*Gandon, Chas., on Coke 99
Gas Coke as a General Fuel, by C. E. Jones. 101
*Gas Gauges, Richard Brothers' Standard. 105
*Gasholders, the Guide Framing of, by W. H. Y. Webber 131
Gas Light and Coke Company, the Accounts of the 138
Generator Furnaces for Small Gas Works... 141
Gas Managers, Hints to 174
Gas Companies (English) and Mineral Oil.. 199
Gas and the Stage 201
*Gas Pipes, a Handy Machine for Piercing. 232
Gas into Electricity 257
Gas, the Effect of on the Binding of Books 259
Gas Companies and the Electric Light, Advantages to of Engaging in, by E. J. King 317
Gas, Candle Power of, the Disadvantages of Fluctuations in that Supplied to Consumers, by R. J. Monks 323
Generating Steam, the Use and Value of Coke for, by J. L. Hallett 326
Gas Interest in England, Mr. R. P. Spice on the 327
*Gas Works, Structural Capacity and Cost of, by V. Wyatt 355
Gas for the Million 362
Gas Works of British Columbia 386
Gas Tar, Utilization of 392
Grand Central Railway Depot (Cincinnati, Ohio) Results of the Lighting Test at 392

H.

Humphrys, N. H., on Some Past Projects for the Manufacture of Oil Gas 29
Honorary Members, Election of, Western Association 38
*Humphry's Patent Damper Frame for Furnaces 105
*Hydraulic Main, the Alavoine Plan of as Used in the Dijon Gas Works 233
Hinman, C. W., on the Effect of Carbonic Acid on the Illuminating Power of Coal Gas 258
*Humphreys, A. C., on "Illumination vs. Candle Power 272
Half-Depth Regenerative Furnace, etc., by O. Weber 324
Hallett, J. L., on the Use and Value of Coke for Generating Steam 326

I.

*Inverse Squares, the Rule of the, by B. E. Chollar 7
Inflammable Substances, Regulating the Storage of in Washington, D. C. 41
Institute, the British Gas, Some of the Papers Read at Last Meeting of 99, 101, 131
Ironwork, Painting 142
Illuminants, Oil and Water Gas as, by C. F. Prichard 226

I.—*Continued.*

Illuminating Power of Coal Gas, Effect of Carbonic Acid upon the, by J. T. Sheard. 227
Irish Bog Oxide of Iron, on the Determination of Hydrous and Anhydrous Peroxide of Iron in 332
Illuminating Power of Coal Gas, Effect of Carbonic Acid on, by C. W. Hinman 258
*Illumination vs. Candle Power, by A. C. Humphreys 272
Intensity of Light and Visual Perception, the Relation of, by Ed. C. Jones 275
Illuminating Power of Gas, Comparative, when Purified with Lime or Oxide of Iron, by C. W. Blodget 320
Indian Petroleum Fields 333
Items of Interest from Various Localities 10, 43, 74, 105, 138, 170, 202, 234, 265, 307, 362, 394

J.

Jubilee Rejoicings 9
Jottings from Rome, Italy, by E. Schinrock 36
Jones, C. E., on Gas Coke as a General Fuel 101
Jones, Ed. C., on the Relation of Intensity of Light and Visual Perception 275

K.

Kokomo's (Ind.) Gas Well 46
King, E. J., on the Advantages of Gas Companies Engaging in the Electric Light Business 317

L.

Lungren Burner, the, by T. A. Cosgrove 63
Leakage from Gas Mains, Detection of 73
Lightning Strokes, How to Protect Tall Chimneys from 78
Levy's Electric Light Primer 98
Lectures on Coal Gas, by Lewis T. Wright. 137
Lunge, on "Coal Tar and Ammonia," a New Edition of 201
Leavenworth, Gen. E. W., Death of 366
Lighting Test at the Grand Central Railway Depot, Cincinnati, Ohio, Results of the... 392

M.

*Machine for Screwing and Cutting Tubes.. 41
Men in the Retort House, Considering the Policy of Working Three Shifts of in 24 Hours 73
Mains, Gas, Detection of Leakage from 73
Manufacture of Coal Gas, an Abstract of Four Lectures, by Lewis T. Wright 195
Mineral Oil and the English Gas Companies 199
Motive Power, Compressed Air as a 200
Marsault's Coal Washer 205
*Machine for Piercing Gas Pipes, a Handy. 232
